called this date for a prepared ract sneet which the Admiral might have available for talks at universities. This fact sheet should be directed at hiring of personnel, primarily professionals. stated that the information should be brief with limited or no narrative including only predominantly statistics. To be included would be information such as:

- a. Number of applicants
- b. Number selected
- c. Areas of specialty of applicants, i.e. analysts, scientists, etc.
- d. Percentage of new hires going into various Directorates.
- e. How many BA's, MA's, PhD's.
- f. Years of experience between college graduation and hire by the Agency
- g. Minority statistics.
- 2. The above is not all inclusive and any information which you feel he should have at his fingertips to respond to questions concerning our hiring should be included.

would like the above information at the very latest by noon on 10 November. The Director is speaking at the University of Indiana on the 11th.

4. Again, the information should be brief with limited narrative and including salient statistics.

Education of new employees (FY 1976).

Level	Percentage
No Degree	7%
BA/BS	56%
MA/MS	25%
Ph.D.	12%

f. Years of experience between college graduation and hire by the Agency.

No statistics are available. We estimate about half our new hires are recent college graduates, without significant work experience. In the CT Program, we

look for related civilian experience or military service of about three years. In the DDS&T area, most of our new engineers have five to ten years of experience.

g. Minority statistics (FY 1977) - Professional/Technical.

Applications Received Selected Entered on duty

STATINTL

STATINTL

raised

Minority EOD's represents an increase of 54% over the prior year, and constituted 14% of our total FY 1977 EOD's.

Women

STATINTL

Applications Received Selected Entered on duty

This represents a gain of 52% over the prior year and constituted 20% of our total FY 1977 EOD's.

2. In addition to your memorandum,

some additional questions in his note to you.

a. If applicant has a BA/BS, but no work experience, what are chances of employment? Same for MA/MS. Same for both, but with experience?

As can be seen from the statistics, in answer to question b, 25% of the professional/technical applications received were placed in process. Of these, 42% entered on duty. Another way of looking at it is to say that 10% of the applicants whose papers are accepted enter on duty.

b. What can applicant expect for salary in each case above?

Our guidelines for salary are:

Leve1	Grade	Salary	
BA/BS	GS-07	\$12,300	
MA/MS	GS-09	\$15,000	
Ph.D.	GS-11	\$18,200	

- 3 -

Each two to three years of related experience is worth another grade, i.e., \$1300 - \$1600.

Of those selected in FY 1977, the grade distribution was:

Grade	Percentage
GS-05	0.2%
GS-06	1.2%
GS-07	33.0%
GS-08	13.2%
GS-09	16.7%
GS-10	8.4%
GS-11	5.7%
GS-12	8.3%
GS-13	6.3%
GS-14	3.3%
GS-15	1.7%
GS-16 & above	1.5%
CO TO d WOOLG	1.36

c. Major disqualifying factors.

- 1. Those not selected do not have academic backgrounds or required work experience for professional positions. Some do not have a strong enough grade average or their test scores indicate they would not succeed in the highly competitive Agency work environment. The salary requirements of those with work experience are sometimes too high.
- 2. The reasons for not entering on duty of those selected are:

Reason	Percentage
Cancelled by applicant (Took another job, no longer interested, re- turned to school, etc.)	51%
Cancelled by Agency (Office - 18%) (Medical - 4%) (Security - 20%) (Panel - 7%)	49%

d. Other factors which would give an interested college student a handle on the CIA as an employment possibility.

As the above statistics illustrate, competition for jobs in the Agency is extremely keen. We find that those selected have: a strong interest in foreign affairs, high intellectual abilities, excellent academic records, and good analytical and writing skills. They have to desire to be on the cutting edge of whatever academic major they have pursued -- an opportunity that the Agency offers.
